Deadly Delves: Along Came a Spider

These Spiders Aren't So Itsy Bitsy

Giant spiders have overrun Mossdale, and every last villager is either dead and dessicated, or cocooned and abducted. But what were they after, and who coordinated the vermin to attack en masse? Could it have been the local ettercap or a crazed arachnophile druid... or was something far more sinister behind the attack? Can the adventurers rescue the missing citizens and foil the plans of the nefarious mind behind this dastardly deed before it is too late?
